

County of Riverside Regional Household Hazardous Waste Collection Program 2012

Maximum Chemical Load: 5 Gallons or 50 lbs. (per trip)
CLOSED: During inclement weather or other hazardous conditions
All sites will accommodate multiple trips if storage capacity allows

HOLIDAY CLOSURE Dates for all Permanent Collection Facilities:
02/18/12, 05/26/12, 09/01/12, 11/10/12, 11/24/12, 12/12/12, and 12/29/12

Use up all hazardous waste when possible.

Buy right amount of product to reduce leftover hazardous waste. Look for alternative products that don't contain hazardous ingredients.

Offer good, usable products to neighbors, family, or organizations.

Before transporting waste to the collection event or facility, please use this checklist to make sure you have done the following:

- ✓ **Remove** all valuables from trunk, as well as, all other items that can be mistaken as hazardous and universal waste discards. Note: The program is not responsible for lost or missing items from your vehicle.
- ✓ **Limit** total chemical load to less than **5 gallons or 50 pounds** for transportation (California State Law maximum transportation limitation).
- ✓ **Secure** leaky containers and loose loads. If they are leaky, place them in a secondary container or material that will not allow the leak to spread. Place securely in the vehicle for safe transportation.
- ✓ **Mark** containers to identify contents or keep in original container. The contents of the container must be the same as stated on the label. If not, cover up the label and write the name of its contents. Containers with flammable liquid will NOT be returned (gas cans).
- ✓ **Transport** waste in a box placed in the trunk of your car or in the bed of your pickup truck and secure to prevent movement and breakage. (Keep items away from passengers)
- ✓ **Follow directions** once you reach the event site. You will be asked to turn off your motor and stay in your vehicle. The site staff will unload the material from your vehicle.
